**CareOptima**  
HOME CARE SERVICES

With us,  
you're family.

## Why We're Here

**Compassion:** *Our passion is to sincerely help and promote client-centered care.*

**CareOptima** is the home care service provider and family partner of choice in the community, focused on relationship-centered quality care while promoting optimal level of health, maximum independence, and self-worth.

Our optimal goal is to provide excellent care to achieve the quality of life you deserve within the comfort of your own home. We are committed in delivering home care services designed to meet your specific care needs.

## Services

**Accountability:** *We take pride in the services we provide and take responsibility*

**CareOptima** Home Care Service provides intermittent or continuous in-home aide services designed to meet unique needs of clients and families. Our optimal goal is to have general and comprehensive care to achieve quality of life and provide alternatives to client's aging-in-place.

Types of assistance provided to clients may include, but not limited to:

- Personal care / custodial care (daily activities such as bathing and dressing assistance)
- Caring companionship
- Alzheimer's/dementia care
- Parkinson's care
- Assistance after illness and surgery
- Medication reminders
- Meal preparation
- Light household chores
- Accompaniment to physician's appointments
- Personal shopping
- Laundry and other errands

## Assessment & Fees

**Respect:** *Our clients are treated with dignity, courtesy and kindness.*

Service starts only after our home care supervisor makes a final determination based on the **initial assessment** completed.

Our registered nurse develops an individualized **Plan of Care** in collaboration with you, your family, physician, and care service staff. This is based on the initial assessment and is updated on an ongoing basis.
